

Farm Animals & Us in Australia

A thought - provoking DVD, guaranteed to promote interest and discussion about farm animal welfare, suitable for children aged 10-16.

Targets National Values Education Framework for Australian schools, in particular core values of care and compassion, respect and responsibility, and is suitable for use in S.O.S.E., English, Science/Biology, Civics and Citizenship, Religious Studies and Geography curricula.

"The quality of information presented in both narration and visuals is high and the amount of information is also very good – lots of issues for discussion." Year 7 teacher, Queensland.
